Performance Indicator

"Covalense has become my recognised off-shore vendor for Microsoft SharePoint Resources. I am particularly impressed with the quality of Covalense's people, processes and their ability to work well with our Application Services here at Gen-i. They have clearly exceeded my expectations and I am very pleased with the business relationship with the Covalense team"

Rodney Pomfrett

 **Application Services Manager Gen-i**

A Division of Telecom New Zealand

An Affirmation of Our Services

"We chose Covalense for our Application and Enterprise Reporting Services because of their sheer commitment, execution excellence and ability to work with us to envision our enterprise information systems. Covalense exhibited vibrancy in areas of SSRS and Crystal reports and won our confidence and trust against the tough competitive biddings from the leading Consulting companies of India. Their teams have displayed great flexibility and dexterity in resolving our development requirements over disparate business systems across our global operations in Asia AMET and Europe."
